

Mrs Siddiqui

Hello to my new class I am so excited to meet you in September. Until then I thought it would be lovely to share a few things about myself.

I have been living in the Middle East for the past 3 years in a country called 'Qatar' it is a very small but beautiful country next to Saudi Arabia and not too far from Dubai. I loved living in Qatar because the weather was warm throughout the year. I lived there with my husband and we enjoyed going to the beach on the weekends and exploring new and different parts of the country and experiencing different cultures and foods.

My favourite thing about Qatar was going camping in the desert with my friends. We would drive our cars to different parts of the desert and spend the weekend there doing lots of fun and interesting things, one time we even saw a pack of camels crossing the desert (it was scary and cool)!

Before I moved to Qatar I lived and grew up in the city of Birmingham in England! I really enjoyed living in Birmingham because it was such a huge multicultural city with lots of things to do and there were wonderful people to meet.

What I love:

- Cooking
- Decorating
- Playing video games (I can't play fortnite- I'm so sorry!)
- Reading

I look forward to learning loads about you all in September!!! :)
