

# Miss Whistler

Hello! I'm Miss Whistler, and I'm looking forward to meeting you all! I thought it might be nice for you to know a bit about me before I meet you properly, so here's some important things to know about me.

I come from Milton Keynes, and have lived here all of my life, although for the past three years I've been teaching children in London. I love being a teacher and am always looking for ways to make learning a bit more fun!

When I'm not teaching, I am usually with my cat Frankie, who likes to climb all over me and play with my shoelaces. I can also be found hanging from a hoop, which is something I love doing because I find it really challenging. I spend a lot of my time running, and I will be running my third half marathon next year!

One of my favourite things to do at home is to bake- I love making cakes, biscuits and bread- and always find that things taste much better when you make them yourself! I especially like decorating cakes; I always volunteer to make my friends and family's birthday cakes so that I get to decorate them!

I hope that you're just as excited as I am to meet you all!
