*'Nurturing the best
in each other'*

11th October 2021

Dear Parents/Carer,

We are delighted to announce that we are taking part in Time Day on **Thursday 21st October 2021** with Ashbrook and Holmwood Primary School. Knowing how to tell time is a very important life skill. Learning how to tell time helps children with their motor and cognitive skills as well as mathematical skills. Our aim is to make sure every child leaves our school knowing how to tell the time.

Making maths meaningful!

Time Day is a great way to make maths fun and bring about a positive, 'can-do' attitude towards it.

We are having a fun day of 'time' cross-curricular activities and we will be asking pupils to dress up as anything to do with clocks/time. Pupils can get even more creative by using their DIY skills to create their own outfits to do with clocks/time theme. There is no need for any donation on this occasion as we'd love everyone in the school to take part in this special event. However, we would recommend that you please take this opportunity to encourage your children to wear a watch to school on this day. Talking with your child about time and encouraging them to tell the time as often as possible is a really supportive way to develop the understanding of time telling.

It all adds up!

We're looking forward to all the fun of Time Day, and we really appreciate your support. All the participation at Two Mile Ash Primary School will make an enormous difference to our children today and help our children to grow in confidence.

Thank you.

Yours sincerely,

Divya Sharma

Head of Mathematics
Two Mile Ash School
