

Spring Term  
2022

# Year 3 Learning Journey

## French:

This term, the children will be continuing to develop their vocabulary and basic French grammar knowledge. They will be learning colours, body parts, clothes and all about food. They will be focusing on forming sentences both orally and written with the correct order of nouns and adjectives. They will also begin to learn French phonics with actions to match the phonemes and graphemes.

## Computing:

During the spring term, Year 3 pupils will be learning about how the internet connects them. They will learn about the internet and what it can be used for. This will include learning about different software that allows them to go online as well as efficient use of the internet to find out information about a given topic.

## Science:

During the spring term, we will be looking at plants and their life cycle. We will investigate the different parts of the plant and look at the stages of germination and pollination. We will use equipment and seeds to investigate how plants use nutrients and what specific parts of the plant do.

## Music:

In Year 3, we will be beginning to learn how to play a woodwind instrument - the ocarina. We will be developing our fine motor skills and breath control, and will be reading non-standard written music. The children will also learn about how to practise an instrument, and why it is important to improve on our skills and knowledge a little bit every time we play.

## RE:

In year 3, we will be continuing to look at features of churches and how the inside of churches vary depending on the time of year. We will also be learning about the Easter story and why this is important to Christians.

## PE:

This term, children will continue to develop their game-play through a series of football lessons. In addition to this, they will get a taste for different team-building and orienteering challenges in OAA lessons. For their indoor lessons, children will understand more about the game of dodgeball as well as explore different ideas and emotions through dance.

## PSHE:

In the spring term we will be looking at what it means to be part of a community. We will look at the benefits of diversity and the presence of stereotypes and how to combat these.
