

Autumn Term
2022

Year 6 Learning Journey

French:

This term in Year 6, we will be revising greetings, basic key questions and beginning to translate simple sentences. We will also revise months, days of the week, birthdays and colours. Pupils will learn how to pronounce and write classroom objects and use their new vocabulary to describe the classroom environment.

Computing:

This half term in Year 6, we will be looking at E-safety. Focussing on being a good digital citizen and communicating clearly in a friendly manner online.

During the second half term, we will be learning all about game development! We will be planning, creating and testing our creations to ensure that it achieves the end goal. We will learn how to create our own multimedia games, using PowerPoints multi-media and hyper texting capabilities.

Art:

During the first half term, we will be creating World War 1 silhouette artworks using watercolour wash backgrounds and soldier silhouettes inspired by Henry Moore.

Science:

This term we will be exploring the topics of light and classification. During the very practical light topic, we will be learning about the properties of light, how light travels and how shadows are formed. After half term, the science changes focus from physics to biology where children learn about how scientists classify animals and plants, how they have adapted over time to suit their environment and what impact environmental changes have on each species.

Music:

This term, we will be writing and playing their own melodic compositions. We will be developing their knowledge of formal written music notation, and will learn about layers of sound, when building our pieces. We will build their knowledge of melody and accompaniment, and put together group and class compositions.

PE:

This term we will further develop our skills and tactics within the invasion games Basketball, Football and Netball. In addition to this, we will build upon prior learning in Gymnastics and in seek our personal best in the Athletics area of Cross Country. There will be opportunity for competition in all of these activity areas and more, including Badminton, Dodgeball and Tag Rugby.

PSHE:

This term we will learn about risk and managing risks in everyday life. We will discuss how to use simple strategies to manage our feelings and well-being, including stress. We also will be looking at the benefits of having a positive mind set and how this can influence their mental and physical health.

RE:

In RE, we will be learning about Islam. This will involve discussing beliefs, faith and religious symbols as well as learning about key leaders in the Islamic faith.

DT:

In DT after half term, we will be developing our sewing skills and making stockings for soldiers, linking this to our World War 2 History learning.
