

Author Visit

As part of our 'Belonging Week', we are really excited to inform you of our visitors who will be talking to the children. Mr Sami Siddiqui, who worked at Two Mile Ash School, is coming back on the afternoon of Friday 14th July but not in the role of a teacher, but as an author! Yes, Mr Siddiqui will be visiting the school with two other authors, Shmoyel Siddiqui and Anusheh Siddiqui to chat to the pupils about their journey as accomplished authors. Here is a message from the authors:

We are so excited to be coming in to Two Mile Ash School to share Our Story with you! The four of us have been working on this project since 2019 and we have written two books about two great people from history that many people don't know about – Mansa Musa: The Richest Man in History and Fatima Al-Fihri: Founder of the Oldest University in the World. We have also made an activity book to go with Fatima Al-Fihri's story which has questions linked to her story (with space to write answers), drawing, colouring and crafts activities, geography research and a delicious recipe to try at home too! Please get your copies of the books by going to <https://www.ourstory.media/store> or using this QR code which will take you to our website:

Please order the book(s) you want and bring them into school on Friday the 14th of July with your name inside so we can sign them for you!

Kind regards,

Monica Sharma

(Head of English)
