

RETURN OF MEDICATION

Dear Parent/Carer

Any medication that your child has in school will be returned to them on Friday to bring home.

This will include Epi-Pens, Inhalers and Eczema creams, which should then be returned with your child in September, clearly labelled with your child's name and new class.

I will not require another authorisation form to be completed unless your child is returning with new medication.

Hope you all have a lovely summer break.

Many thanks

Matron
