

Dear Parent/Carer

Introducing the School Nursing Service and Parent Portal

We would like to introduce ourselves as your School Nursing Service. We work across education and health with the aim of improving the health and wellbeing of children and young people. The School Nursing Service use the **School Health Parent Portal**, an electronic method to communicate health information and results letters. In order to view your child's results, you will firstly need to register for a parent portal account.

In the portal you will find information about the National Child Measurement Programme (NCMP), as well as in the accompanying letter from Milton Keynes Council. If you do not want your child to be screened there will be an opportunity for you to opt out once registered on the portal, otherwise we will assume you are happy for your child to be screened.

Please take a few minutes to read through the information provided. This will give you a clearer understanding of what it is we aim to deliver.
